THAT splendid farm, containing 500 acres of first rate land, situ ated near the Madison and Indianapolis railroad, three miles north of Edinburgh, Johnson county, Indiana, with fine water power on Sugar Creek. The land is well timbered with walnut, coplar, oak, and other valuable timber, several never-failing springs of fine water, and most admirably calculated for a stock arm. There is about 300 acres rich bottom, and 200 upland, more or less. Forty acres of the improved land is under lease of from one to three years, which, when added to the enclosed land, will make about 240 acres. It is thought that there is one of the best bargains offered in this farm, to be found any where. For terms, apply to GEO. A. "APMAN, Indianapolis, or HENRY BRAD-LEY, on the : remises.

OSGOOD'S INDIAN CHOLAGOGUE.-For the cure of Fever and Ague, Chill Fever, Dumb Ague, latermittent and Remittent Fever, Liver Complaint, Junidice, Enlargement of the Liver and Splean, and all the various forms of bilious diseases. The following extract is from the "Farmer's and Emigrant's Hand Book," a valuable work of about five hundred pages recently published by Messrs. Appleton & Co. New York. In chapter 8, page 235, the author, speaking of the Fever and Ague, remarks "There is a valuable medicine sold in most of the Western cities, which we can conscientionsly recommend for Fever and Ague, and other bilious diseases; it is the India Chelagogue, which is prepared by Dr. Osgood of New York, who has made the bilious disorders of the West his especial study. We are no friend to those medicines usually cailed patent, but we have had ample opportunity of knowing the invaluable effects of the Cholagogue

in bilious cases. The speedy and permanent relief afforded by the Chologogue, arises from its prompt and healthy action upon the blood, cleansing it from bile and restoring it to purity; thus striking at the root. Its tendency is not simply to suspend disease, but to remove the cause on which it depends. It is equally adapted to all ages and

From S F. Carey, Counsellor at Law, to the Agents in Cincinnati. CINCINNATI, October 11, 1846. Messis, Sanford & Park : In June last I was attacked with that most afflicting and unpleasant disease, the Chill and Fever. The paroxyams returned daily, and were very severe. My physical energies had been much impaired, by a previous attack of bilious fever. Having tried several favorite remedies without relief, a friend in whom I had confidence, recommended Dr. Osgood's In dia Chologogue. I procured a tottle, and followed the accompanying directions. The consequence was, that I had but one paroxy. ism after taking the first dose, and my general Le. Ith was rapidly restored without using any other medicine. I disposed with the remainder of the bottle to two other persons similarly afflicted, and with the same results. One of them had been shaking for eight months, and was relieved in two days by the use of the Cholagogue. I consider it my duty, as it is my pleasure to recommend it, having the most entire confidence in its sanative powers.

Advertisements of patent medicines, our readers are aware, have been excluded from our columns for several years past. Our object tions to them are-1. We are not in favor of keeping secret either moral or physical remedies for "the ills that flesh is heir to." 2. The grossest impositions are often practiced on the community by the venders of such medicine. 3. Patients are often induced, by the flattering recommendations of them to drug themselves without discretion, and much to their injury, many times; an evil, by the way, which is common to the use of all active medicines, without professional advice.

On the other hand we have no doubt there are patent medicines, whatever may be our objection to the principle of patenting them, that are valuable remedies for certain specific diseases, the publication of which is an act of benevolence. COUNTERFEITS Cure for Consumption. 7,000 CASES OF ORSTINATE PULMONARY COMPLAINTS CURED IN ONE YEAR! WISTAR'S HALSAM OF WILD CHERRY, the great American

Remedy for Lung complaints and all affections of the Respiratory WE do not wish to trifle with the lives or heath of the afflicted, and we sincerely piedge ourselves to make no assertions as to the virtue of this medicine and to hold out no hope to suffering hymanity which facts will not warrant. We ask the attention of the candid to a few considerations. Nature in every part of her works, has left indelible marks of adaptation and design. The constitution of the animals and vegetables of the forrid is such that they could not endure the cold of the trigid zone and vice verse. In regard to dis ease and its cure, the adaptation of remedies is not less striking. The Moss of Iceland and the Pinc and Wild Cherry are justly celebrated for the cure of all diseases of the Lungs and Liver, which are so tearfully prevalent in all northern latitudes. From a combination of Chemica Extracts procured from this 'Moss,' and these 'Trees,' Dr. Wister's Balsam of Wild Cherry is chiefly formed. From the Harrison (Ind.) Gazette, of Feb. 1, 1848.
The incredulous are invited to read the following note from the Rev.

It is no less a duty than a pleasure to me to state for the benefit of the afflicted, that I consider Wistar's Balsam of Wild Cherry, a great blessing to the human race. Having tried it in a case of severe affection of the lungs, unbesitatingly recommend it to those similarly afflicted as the best remedy that I have ever tried, and one which cured me when the physicans said I must die, and when I thought myself that my time to depart was near at hand.

Mr. Coldron, whose character for truth and veracity stands above sus,

WILLIAM COLDRON. SPRINGFIELD, KY., May 14.1 845. Messrs. Sanford & Park: I take this opportunity of informing you of a most remarkable cure performed upon me by the use of Dr. Wis-tar's Balsam of Wild Cherry. In the year 1840, I was taken with an minution of the bowels, which I tabored under for 6 weeks, when gradually recovered. In the fall of 1841, I was attacked with a severe cold, which seated itself upon my lungs, and for the space of three years I was confined to my bed. I tried all kinds of medicines, and every variety of medical aid, without benefit; and thus I wearid sions until the winter of 1844, when I heard of Wistar's Balsam of Wild Cherry. My triends persuaded me to give it a trial, though I had given up all hopes of recovery, and had prepared myself for the change of another world. Through their solicitation, I was induced to make use of the Genuine Wistar's Balsam of Wild Cherry The effect was truly astonishing. After five years of affliction, pain and suffering, and after having spent tour or five bundred dollars to no purpose, and the best and most re pectable physicians had proved mavailing, I was soon re-tored to entire health by the blessing of God and the use of Dr. Wistar's Balsam of Wild Cherry. I am now enjoying good health, and such is my altered appearance, that I am no longer known when I meet my former acquaintances. I have gained rapidly in weight, and my flesh is firm and solid. I can now eat is much as any person, and my food seems to agree with me. I have eaten more during the last six months than I had eaten in five years before. Considering my case almost a miracle I deem it neces sary for the good of the afflicted, and a duty I owe to the proprietors and my fellow men, (who should know where relief may be had,) to make this statement public. May the blessings of God rest upon the proprietors of so valuable a medicine as Wister's Bulsam of Wild

BEWARE OF COUNTERPRITS - Those who counterfeit a good medi the for the purpose of adding a few dollars to their peckets are far worse than the manufacturers of spurious coin. For while the latter only rob us of our property, the former take property and health and life away. Dr. Wistar's Balsam of Wild Cherry is admitted by thousands of disinterested witnesses to have effected the most extraordi nary cures in cases of pulmonary and asthmatic character, ever before recorded in the litstory of medicine. The young, the beautiful, the good all speak forth its praise. It is now the favorite medicine in the most intelligent families of our country. Such a high stand in public. estimation has been achieved by its own merits alone. And so long as a discerning public are careful to get Wistar's Balsam of Wild Cherry, and refuse with scorn counterfects, and every other article proffered to them as a substitute, so long will cures, positive cures, cheer the fire sdie of many a despairing family.
